

Training Notification Form, IIT Delhi

Company Overview

Name:	Trilogy Innovations
Website:	https://innovations.trilogy.com
Company Type:	Information Technology
Description:	We are a motley crew of coders, bursting with tenacity, ambition and talent, brought together by a common goal to create class products and killer enterprise software that deliver tremendous business value. Unconstrained by a traditional corporate structure, we carry the power to shape our own culture and mission.

Project Details

Designation:	Software Development Engineer Intern
Type:	Information Technology
Location:	Remote
Project Details:	A Software Development Engineer Intern will deliver components of an application on time and to specification as a key member of a product or delivery team. He or she is expected to do so by making balanced technical decisions (e.g., design trade-offs, prioritization, etc.) as a member of his or her team. These decisions must reflect knowledge of applying the appropriate technical/theoretical knowledge within the context of the customer's business requirements. Supports the delivery team in deploying product functionality to customers (e.g., answers questions, explains functionality, extends API, provides code reviews, etc.).

Stipend Details

Stipend:	75,000 INR Per Month
Accommodation:	No
Travel Expenses:	No
