

# Training Notification Form, IIT Delhi

## Company Overview

**Name:** Optiver Services B.V

**Website:** <https://www.optiver.com/>

**Company Type:** Core (Technical)

**Description:** We are market makers. In simple terms, we provide bid-ask prices for financial products in exchanges all over the world. This creates the liquidity needed to keep the markets viable and allow everyone to trade at will. In essence, we improve the market and give it stability even in times of extreme volatility. It's a responsibility we don't take lightly but that also makes what we do so exciting. From traders, developers, engineers, researchers and support, we all strive towards finding solutions to incredibly complex problems. It's a melting pot of dynamic thought, simple execution and pioneering spirits. We are looking forward to hire talent from IITD for our internship programs - who's ready to spend a beautiful summer in Amsterdam?

## Project Details

**Designation:** Quantitative Trading Internship 2024 (Amsterdam)

**Type:** Finance

**Location:** Amsterdam, The Netherlands

**Project Details:** Quantitative Trading Internship 2024 (Amsterdam)

Introduction:

Are you ready to get your foot in the door at a leading global trading firm? As our Quantitative Trading Intern, you'll work in the heart of Optiver's Amsterdam trading floor – one of the most exciting and dynamic in Europe. Over the course of eight weeks, you will gain full insight into what it takes to be a Trader at a leading global market maker, and based on your performance could receive an offer to return at the end of your studies. Don't miss out on this unique opportunity to kick-start your career in a dynamic and international environment.

What you'll do:

As Optiver's Quantitative Trading Intern, you'll deep-dive the fundamentals of trading, from theory to financial markets, strategies and cutting-edge technology. But you won't only receive our intensive in-house training – you'll put your knowledge into practice through simulated trading. Requiring a competitive edge, decisive thinking and bold action, our summer programme is as close as you can get to real trading experience. What's more: the projects you fully own and develop will be implemented directly into our trading desks, meaning you'll contribute to our ever evolving strategies. Get ready to test your limits and accelerate your growth in a truly fascinating, high-performance environment.
