Job Details

Designation:	Business and Operations Analyst
Type:	Analytics
Place of Posting:	Gurugram
Job Details:	<p>NK Securities Research is a leading proprietary trading firm that leverages cutting edge technology and sophisticated algorithms to trade the financial markets. Founded in 2011, we have gained invaluable experience in the field of High Frequency Trading across different asset classes.</p> <p>We value innovation, entrepreneurial zeal, creativity, and a can-do attitude, reflecting the startup culture we are cultivating. At NK Securities Research, we are committed to fostering a collaborative and innovative work environment. We believe in the power of team learning and have a long-term vision for our Research and Development efforts.</p>

Responsibilities:

The Business and Operations Analyst will report to the Company's Senior Management. As a Business and Operations Analyst you would:

- Acquire a comprehensive understanding of internal order sending processes, network connectivities, and exchange risk monitoring systems to bolster and facilitate trading operations.
- Engage in collaborative dialogues with banks, exchanges, consultants, brokers, and diverse service providers both domestically and internationally to identify optimal solutions aligning with the company's specific needs.
- Develop and enhance operational procedures pertaining to investment, trading, clearing, risk management, as well as accounting and finance activities within the company."
- Initiate and lead negotiations and agreements with service providers regarding colocation infrastructure, low-latency lease lines, computer hardware, prime brokerages, and stock exchanges both domestically and internationally.
- Deliver timely and comprehensive business analyses to management, encompassing various areas such as reporting on trading activity, competitor analysis, and assessments of operational efficiency.
- Provide support to team members in addressing various projects and fulfilling ongoing business requirements.

Qualifications:

The ideal requirements for our candidates are:

- Strong problem-solving capabilities
- Proficiency in managing multiple high-priority projects
- Excellent communication skills and fluency in English for business purposes
- Demonstrated ability to take ownership of projects and lead them independently to successful completion
- Familiarity with end user computing tools like Microsoft office and other equivalent products
- Proficiency in GSuite products, including Google Sheets
- Knowledge of scripting languages such as Shell and Python

Benefits:

At NK Securities Research, we believe in rewarding outstanding performance. We offer compensation above industry standards, with a handsome variable bonus for exceptional performers. We provide a platform for continuous growth, with no ceiling on career trajectory. Our focus is on a premium quality of life, and we encourage everyone in the firm to thrive in all aspects of their lives. At NK Securities Research, we take mentorship seriously and are committed to training and preparing freshers for future leadership responsibilities.

Perks:

- Monthly after work parties
- Catered meals
- Domestic and International team outings
