Training Notification Form, IIT Delhi

Company Overview

Name: FUNDWAVE

Website: fundwave.com

Company Type: Information Technology

Description: Fund managers – managing crowdfunds, venture funds, private equity funds – are our heroes.
Our products help fund managers stay focused on building the next great start-up or spin the
wheels faster at a blue chip. At Fundwave, building the most awesome fund management
solution is just one of the perks. With friendly customers and an entrepreneurial culture, we are
just the team that you're looking to join.

Project Details

Designation: DevOps

Type: Information Technology

Location: Gurugram

Project Details: DevOps is the combination of cultural philosophies, practices, and tools that increases an organization's ability to deliver applications and services at high velocity: evolving and improving products at a faster pace than organizations using traditional software development and infrastructure management processes. This speed enables organizations to better serve their customers and compete more effectively in the market.
