Training Notification Form, IIT Delhi

Company Overview

Name:	NVIDIA
Website:	www.nvidia.com
Company Type:	Information Technology
Description:	Since its founding in 1993, NVIDIA (NASDAQ: NVDA) has been a pioneer in accelerated computing. The company's invention of the GPU in 1999 sparked the growth of the PC gaming market, redefined computer graphics, ignited the era of modern AI and is fueling the creation of the metaverse. NVIDIA is now a full-stack computing company with data-center-scale offerings that are reshaping industry.

Project Details

Designation:	System Software Intern
Type:	Information Technology
Location:	Pune, Bengaluru, Hyderabad,
Project Details:	SOFTWARE INTERN – NVIDIA Do you have a passion for computing and software using new age technologies? Do you want to work on leading-edge problems alongside some of the best and brightest people in the world? Do you like working in a dynamic working environment that involves creative problem solving and thinking on your feet? NVIDIAhas continuously reinvented itself over two decades. Our invention of the GPU in 1999 sparked the growth of the PC gaming market, redefined modern computer graphics, and revolutionized parallel computing. More recently, GPU deep learning ignited modern AI — the next era of computing. NVIDIA is a "learning machine" that constantly evolves by adapting to new opportunities that are hard to solve, that only we can tackle, and that matter to the world. This is our life's work, to amplify human imagination and intelligence. We are looking for dynamic Software Interns who will use knowledge of programming in C/C++ and scripting languages to implement solutions to systems software problems on NVIDIA's technology platforms. NVIDIA's GPU compute technologies span multiple application areas from enterprise & cloud AI, to industrial and automotive embedded AI to graphics. Interns shall work collaboratively in a high performance software development organization, making use of best practices and providing creative ideas from recent developments in the research world. We are an equal opportunity employer and value diversity at our company.
