Job Details

Designation:	Trade Monitor
Type:	Other (Trading)
Place of Posting:	Gurugram
Job Details:	NK Securities Research is a leading financial firm that leverages cutting edge technology and sophisticated algorithms to trade the financial markets. Founded in 2011, we have gained invaluable experience in the field of High Frequency Trading across different asset classes.

We value innovation, entrepreneurial zeal, creativity, and a can-do attitude, reflecting the startup culture we are cultivating. At NK Securities Research, we are committed to fostering a collaborative and innovative work environment. We believe in the power of team learning and have a long-term vision for our Research and Development efforts.

Responsibilities:

We are looking to recruit new joinees for a Trading Monitor role to work out of our Gurugram office. As a Trading Monitor you would:

• Start and supervise automated trading systems for multiple exchanges and venues
• Understand how high frequency trading strategies work and make changes in strategy
parameters during live trading based on market conditions
• Build, test and deploy trading monitoring softwares to analyze strategy metrics in real time
• Work closely with Quantitative researchers and Software Developers to deploy updates in Trade Monitoring GUI
• Assess live trading for risk and technical issues and quickly respond to unusual behaviors or
market conditions
• Be responsible for data collection for a variety of exchanges and venues

Qualifications:
The ideal requirements for our candidates are:
• A degree in Engineering from top tier institutions.
• A strong background in C/C++ programming, object-oriented programming, data structures, python and shell scripting
• Working knowledge of Linux
• Keen interest in problem solving and figuring out how things work
• Good communication skills
• A work ethic that emphasizes both discipline and consistency.
• Well organized, detail-oriented, and able to work independently

Benefits:
At NK Securities Research, we believe in rewarding outstanding performance. We offer compensation above industry standards, with a handsome variable bonus for exceptional performers. We provide a platform for continuous growth, with no ceiling on career trajectory. Our focus is on a premium quality of life, and we encourage everyone in the firm to thrive in all aspects of their lives. At NK Securities Research, we take mentorship seriously and are committed to training and preparing freshers for future leadership responsibilities.

Perks:
• Monthly after work parties
• Catered meals
• Domestic and International team outings
